ANDRÉS LEONARDO GÓMEZ GIL

Executive Assistant — Operations & Automation | Founder's Right Hand | Bilingual

Duitama, Boyacá, Colombia | +57 302 746 4103 | andresleonardogomez@gmail.com | linkedin.com/in/leonardo-g-024042128

PROFESSIONAL PROFILE

Bilingual (Spanish/English) operations professional with hands-on experience as a founder's right hand, running day-to-day operations, managing vendors and payments, building automations, and maintaining clean documentation for a fast-moving remote business. Proactive and self-directed, with a track record of identifying manual processes and replacing them with systems and workflows using n8n, Google Apps Script, REST APIs, and AI tools. Strong written English, comfortable with US time zones, and experienced in coordinating across technical and non-technical teams.

CORE SKILLS

Founder & Executive Support: Calendar and inbox management, vendor coordination, payment tracking, contract/renewal follow-up, RFP and formal document preparation

Automation & Workflows: n8n, Google Apps Script, Zapier/Make, REST APIs, webhooks, AI-powered operational tools, process improvement

Documentation & Systems: SOP creation, knowledge base organization, data migration and cleanup, Google Workspace, Notion (fast learner)

Operations Management: Subscription and billing management, financial tracking, event logistics, sales support materials, cross-functional coordination

Languages: English — C1/Professional working proficiency; Spanish — Native

Availability: Overlap with US Pacific Time; fully remote setup

PROFESSIONAL EXPERIENCE

Operations Lead / Founder's Right Hand — Freelance / Negozee Inc *Mar 2025 – Present | Remote*

- Run day-to-day operations for a founder-led WordPress membership business, managing subscriptions, recurring payments, vendor relationships, and service renewals without constant supervision.
- Coordinate with third-party vendors, payment providers, and external service providers to ensure contracts, integrations, and operational services remain active and aligned.
- Built and documented SOPs for intake, triage, and escalation of operational requests, reducing repeat errors and enabling clean handoffs.
- Automated manual workflows using n8n, Google Sheets, and REST APIs, saving hours of manual work per week on event creation, reporting, and member sync.
- Maintain organized records and documentation across systems, ensuring information is accurate, accessible, and easy to locate.
- Track financial and operational KPIs (MRR, ARR, churn, failed payments) through dashboards and provide regular status updates to the founder.

Digital Transformation Consultant — Independent Projects *Jan 2024 – Present | Remote*

- Designed and implemented operational workflows for enterprise web and IoT projects, translating business needs into technical execution plans.
- Built dashboards and reporting systems to help stakeholders monitor performance and make data-driven decisions.
- Managed cross-functional communication between business users and technical teams across multiple remote projects.

Volunteer Representative & Training Lead — The Church of Jesus Christ of Latter-day Saints *Aug 2024 – Jan 2026 | Santa Ana, California, USA*

- Led and mentored groups of up to 10 volunteers in a 100% English-speaking environment, managing goals, planning, and performance reporting.
- Developed native-level English fluency through daily public speaking, teaching, and written communication.
